This proved a very successful day with the final honours even. We saw some very good pairings and some very good golf played. All the pairs communicated well with each other and there was a very good camaraderie between all the boys. This format takes some getting used to – playing concurrent matches against two opponents – and lots of very useful information was gained by the Junior Managers, David Oliver and Boris Shamul.

Thanks again to The Bedford GC for courtesy of their course, and to all the parents who were very patient in waiting for their boys to finish their games and for the result to be announced.
